

Week 1 Applied Assignment – OpenMRS Registration Activity

Based on the registration of patients activity

Part A: Screenshot Submission: Submit 2 screenshots showing:

- ☐ Mrs. Ade successfully registered
- ☐ Mr. Okafor successfully registered

The screenshot should clearly show:

- ☐ Patient name
- ☐ Patient ID (if available)
- ☐ Registration confirmation or patient chart
- ☐ Patient IDs if visible.

Part B: Reflection (100–150 words)

During registration, which data element do you believe is most important for uniquely identifying a patient in your setting? Explain why.
